

Dear Behrouz and Hiring Team,

I am excited to apply for the Director of Operations position at BeMo. With an engineering degree from IIT Kharagpur, an Executive MBA from the Rotman School of Management—where I graduated at the top of my class—and over a decade of experience leading global operations, I am confident in my ability to help BeMo in its remarkable mission. My career has been defined by building and coaching high-performing teams, managing large budgets, and driving cross-functional initiatives that deliver tangible results.

I enjoy complex operational challenges through strategic thinking, continuous learning, and an AI-first mindset. My track record of driving innovation and operational excellence has been recognized throughout my career, and I am eager to bring the same energy and results-oriented focus to BeMo.

Thank you for considering my application. I look forward to discussing how my experience can add incredible value to BeMo.

Sincerely,

Mahtab Soin
